PROFESSIONAL EXPERIENCE

Frontend Engineer

Frameworks Eyewear | March - May 2024

- Designed a user-centric admin portal specifically for opticians with meticulously detailed designs.
- Incorporated security measures to ensure robustness for ongoing enhancements.
- Made an attempt to interface with an optician lens cutting machine, but encountered difficulties in establishing communication.
- Enabled opticians to effortlessly display and search customer data throughout the website.

Full-Stack Developer Intern

AdvancedMD | October - December 2023

- Redesigned legacy code to expedite user interface, resulting in a more efficient presentation.
- Developed a robust file migration, ensuring structured data transfer for future developers, improving maintainability and scalability.
- Eliminated unused code that accelerated the process of the creation of newly created code by 2%.

UI/UX Web Designer Intern

CoxAutomotive | June - August 2023

- Created and optimize the employee website utilizing the company's API while being mindful of user-friendliness.
- Improved employee workflow efficiency and streamlined data access, resulting in a 30% increase in process simplicity.
- Implemented pagination functionality for a graph table, enhancing user navigation and data accessibility.
