RELEVANT EXPERIENCE

FRONTEND ENGINEER
FRAMEWORKS EYEWEAR | Salt Lake City | Mar 2024 - May 2024

- Created an integration interface in React to communicate with the optician lens cutting machine (ICE-T100), attempting to automate lens production progress.

FULL-STACK DEVELOPER INTERN
ADVANCEDMD | Oct 2023 - Dec 2023

- Developed RESTful API endpoints in Python for a robust file management system with structured data transfer, boosting system maintainability for future developers.

UI/UX WEB DESIGNER INTERN
COXAUTOMOTIVE | Jun 2023 - Aug 2023

- Implemented an interactive data visualisation component (pie chart) in TypeScript for the admin dashboard and employee portal. Enhancing managers' viewing of workflow distribution and improve process efficiency.

CURRENT EXPERIENCE

Fresh Cut Associate
Harmons | Jun 2024 - Present
